

ECO-Alert ECO-Alerta ECO-Alert ECO-Alerta

Mission

To promote awareness of the need to protect the environment and natural resources.

Purpose

This site serves the purpose of alerting environmental contamination practices in our community or island.

The ECO-Team

Committed citizens that will ECO-Alert the community of contamination practices of our natural resources.

Steps for submitting an ECO-Alert

- Submit a scanned or digital photograph of area.
- Indicate exact location.
- Indicate how is the situation affecting your community.
- Explain in one paragraph the source of contamination.
- Email the ECO-Alert.

Attention

ECO-Alerts will be included as a community service and are the sole responsibility of the individuals submitting.
