INTRODUCTION

The Pontifical Catholic University of Puerto Rico is an institution of higher education co-educational, non-profit, closely linked to the Catholic Church of Puerto Rico. Its main purpose is to serve Puerto Rico as a Catholic entity. The faculty members are made up of religious and lay graduates of universities in the world, ensuring universal dimension. Furthermore, due to its geographical location at the midpoint between the two Americas, the Catholic University aims to contribute to dialogue between the two cultures.

The catalog presents a more explicit description of the University. The first part is general information and tries to trace their character. The second, which is essentially reference and describes in detail the non-university programs offered by the University at the NUTC Institute. The catalog serves to provide relevant information to students aspiring to enter their classrooms at Mayagüez

Students of undergraduate and law school should consult the catalog published separately in regard to their rules and special programs. Very important is to take into account the supplementary nature of these catalogs and have knowledge of both the special and general rules as explained in this document. The rules and procedures specified in this catalog are those that apply to all students of the University.

Canonically Established

The Catholic University of Puerto Rico was canonically erected by the Holy See on 15 August 1972. This ecclesiastical acknowledgment implies the application of the rules of Canon Law and Decrees of the Sacred Congregation for Catholic Education. Later, dated January 25, 1991, the Congregation conferred the title of Pontifical. This new distinction ratified, officially, the

authenticity of the Catholic University of Puerto Rico as a genuine Catholic institution of the church.

CHARTER

The Pontifical Catholic University of Puerto Rico has an absolute charter granted by the Board of Regents of the State University of New York from February 27, 1959.

ACCREDITATION

University academic programs of the Pontifical Catholic University of Puerto Rico are accredited by the Higher Education Council of Puerto Rico and the Middle States Association of Colleges and Secondary Schools. Short Program non university has the authorization of the CEPR, accreditation of MSCHE and the Department of Education of Puerto Rico. In addition, the USDE has the authorization for the corresponding disbursement of financial aid.

GENERAL INFORMATION

HISTORY

The Mayagüez Campus is a young academic institution. Given its dynamism, rapid development and growth, it has become an option for higher education in the west of Puerto Rico. In 1961, was established as an Educational Outreach Center of the then Catholic University of Puerto Rico. In 1982 was awarded the official title of Center, later becoming the Mayagüez Campus of the Pontifical Catholic University of Puerto Rico in 1996. In the academic year 1989-1990 the current facilities were opened in the city of Mayagüez, Puerto Rico.

The Mayagüez Campus of the Pontifical Catholic University of Puerto Rico offers its services to two groups of students: traditionally high school graduates and adult students usually take evening courses. These students largely come from low-income families with limited opportunities for personal and professional growth. This population segment has at the Mayagüez Campus of the Pontifical Catholic University of Puerto Rico, the opportunity for a quality higher education, according to the institutional mission.

An additional population is served in graduate programs whose beginnings date back to August 1998 in the form of semester and from August 2004 in the form of quarter.

Between 2005 and 2010 a series of technological expansion projects were conducted under the Federal Proposal Title V Individual curricular expansion and integration of new academic programs. With this proposal we worked with the integration of technology as a teaching strategy in courses.

LOCATION

The Mayagüez Campus is located on 482 South, Ramón Emeterio Betances Street, Mayagüez, Puerto Rico 00680; Postal Address: PO Box 1326, Mayagüez, 00681. Phone: 787-834-5151. Fax: 787-986-7026

ADMINISTRATION

The Mayagüez Campus of the Pontifical Catholic University of Puerto Rico is administered by a Rector who represents the campus in the University Senate, the University Board, Academic Council Curriculum Committee Institutional, Institutional Recruitment Committee and the Administrative Board. The following officers will help the Rector in the administration: the Dean of Academic Affairs, Associate Dean for Administrative Affairs, the Associate Dean of Student Affairs. Each school has a Director including the Graduate Program, Library and the Short Courses Institute. Other officers will complete the administrative body.

MISSION

The Mission of the Pontifical Catholic University of Puerto Rico is to celebrate and promote the life and dignity of the human person and educate them according to Gospel values in the disciplines of scientific knowledge updated to build a local and global world.

In our daily work we embody the values of the Gospel to illuminate students in their scientific, business and cultural social activity as well as the physical and human environment around us.

PUCPR FACULTY

The Pontifical Catholic University of Puerto Rico offers academic programs in three areas: Ponce, Arecibo and Mayagüez. Courses are also offered in Bayamón.

NUTC INSTITUTE

Prof. Karen G. Morales Rodríguez, Director

NUTC Institute is established under the Vice President for Academic Affairs but has its corporate headquarters in Mayagüez and an extension in Student House in San Germán.

MISSION OF THE NUTC INSTITUTE

NUTC Institute is responsible for establishing programs of certified technicians Non University in areas of high labor demand. This Institute is designed to create short careers programs that help

students meet their academic needs, achieve employment in order to be a living example of a Christian citizen with high ethical values and competitive beings in the workplace.

GOALS OF NUTC INSTITUTE

1. Programs provide short courses that meet the present and future needs and market demands of technical jobs in PR,
2. Meet the need for students who want accelerated short programs as alternative studies.

OBJECTIVES OF THE NUTC INSTITUTE

1. Train students with the skills necessary to compete effectively in the technical market.
2. Develop highly qualified professionals in technical and professional skills, moral and Christian values.
3. Develop diversity of offerings in a short time that satisfies the need for employment in the country.
4. Provide support services that contribute to academic and occupational success of people of all ages.

PERSONELL

In order to fulfill the strategic plan of the institution, the Campus has a number of human resources that provide guidance, academic coordination, financial assistance, counseling, professional and spiritual guidance. The most valuable and important resource available to the Campus, is its employees, as it has a qualified faculty. This faculty has the academic preparation required and necessary for each of the concentrations and specializations offered and as required by accrediting agencies for institutions of postsecondary education and higher education experience. As administrative support staff the Campus has 52 full-time employees and part-time service, guidance and counseling to serve our students.

Physical facilities and equipment

The Mayagüez Campus is conveniently located in the southern part of the city of Mayagüez, easy access to the main road PR-2R and minutes from the commercial and government centers in the city of Mayagüez. The campus is beautiful with trees, plants and tropical flowers that create an atmosphere of peace and tranquility conducive to study. The Mayagüez campus buildings are modern, simple architecture, and prepared with equipment that support the academic offerings, with facilities for people with disabilities. The teaching buildings are the Monsignor Ulises Casiano Building, Student Center Building, Technology Center and the newest building: EUTHAC.

MONSIGNOR ULISES CASIANO BUILDING

The main building is the headquarters of the administration of the campus. The third level is the office of Rector, Dean of Academic Affairs and Dean of Administrative Affairs. At the third level

computer labs and secretarial, laboratories Natural Science and Optics are located, in addition to the Health and Safety Office. On the second level is the Dean of Student Affairs and other administrative offices such as the Office of the Director of Schools, Chaplaincy Office, Professional Counseling, Night Office, Office Reproduction and faculty offices. At the first level the library is located, the CETEA Tutoring Center, the Institute of Continuing Education and Short Career Institute.

STUDENT CENTER BUILDING

In the Student Center building Chapel, a laboratory of strength for physical education, games room, language lab, laboratory for the Culinary Arts program and hotels and restaurants, lounges electronic classes for master's programs and lounges is located classes for high school courses and an amphitheater and the Office of Graduate Program.

TECHNOLOGY BUILDING CENTER

Technology Building Center include labs and computer technology, laboratory English and the front dispensary nursing; on the second floor warehouse and workspace physical plant.

ESCUELA UNIVERSITARIA DE TURISMO, HOTELERÍA Y ARTES CULINARIAS (EUTHAC)

Newest building with classrooms and laboratories serving the Certificate , Associate and Bachelor Programs in Culinary Arts as well as the Associate and Bachelor Program in Hotel and Restaurants.

OTHER FACILITIES

These facilities serve to promote academic, social, cultural and recreational-sports activities. The campus has a walking trail, two tennis courts and a soccer field, also comfortable space for parking vehicles for administration, faculty, students and visitors. For site security, security cameras are installed around campus and security guards control access to the campus.

LIBRARY

Prof. Edwin Ramos Cabán, Director

Mission and Goals

The Library aims to contribute to the achievement of the mission and goals of the Mayagüez Campus of PUCPR, and in particular to achieve the highest aspiration of "developing a highly competent professional with vast humanistic, scientific, Christian and technical knowledge" that will enable them to perform in both the functional aspect, as well as in their life circumstances which we hope to achieve contributing to the development of an individual capable of "learning to learn".

Our primary mission is to support the educational process by strengthening collections aligned with the priorities of the curriculum and fortify service areas; especially instructional services of the Library. Focus on teaching bibliographic research skills and development of competencies for in information management (Information Literacy) will be provided.

The Library has set the following objectives for the achievement of our aspirations:

1. Develop, organize, maintain collections aligned with the curricular offerings and provide quick and effective access to resources.
2. Help students to develop research and information management skills (Information Literacy) through an effective training program.
3. Achieve maximum utilization of resources and services by the university community.
4. Optimize audiovisual services providing the equipment and resources necessary to strengthen teaching as required by the new technology.
5. Strengthen administrative processes and provide the Library the necessary resources for offering an excellent service to the university community.

Library Staff

The library has a highly trained and committed staff to provide service for the Institution. The library currently has three full-time professional librarians and one part-time professional librarian, a full-time Assistant Librarian and two part-time librarians.

Physical facilities

The library of Mayagüez is located on the first floor of the main building. It has two main assistance areas which offer quality service to our university community and the community in general. Information services include: Reserve Circulation and Audiovisual; and the area that includes magazines, periodicals, reference and a Digital Resource Center.

Service Times

The library maintains the following schedule during the regular semester:

Monday to Thursday	8:00 a.m. to 10:00 pm
Friday	8:00 am - 6:00 pm
Saturdays	8:00 a.m. to 12:00 md 1:00 pm - 4:00 pm

NOTE: In occasions such as academic breaks, summer sessions, special periods and other special schedule will be planned and informed to the academic community. On official holidays the library will offer services from 3:00 pm to 10:00 pm.

Bibliographical Collection

The library has two main rooms divided as: Information Services including collections of Circulation, Audiovisual and Reserve, and another room for Serials including: Magazines, Reference and Digital Research area.

Circulation collection features 32,463 titles and 36,153 printed volumes. It also has an online database of books known as e-Books retrievable via the Internet with approximately 24,000 titles in full text. The reference collection has 4,235 titles and 4,985 volumes. Magazine collection has 347 titles by subscription, free and donated. In the Audiovisual area the collection consists of 1,094 titles and 11,913 pieces in different formats such as 16mm films, VHS, slides, filmstrips, audio cassettes, DVD, among others.

The library of Mayagüez has several online databases available to the university community via the Internet with remote access. Among the databases available online include: EBSCO Host, ProQuest Direct, HW Wilson, Social Work Abstracts, HAPI, E-Books, Infotract, Legislative Reference, Index of Puerto Rico Newspapers, Magazines Index Puertorriqueñas and Adendi.com.

Services

Services offered by the Library include: photocopying machines services, Information Literacy services through a training program using service inter-library loans, electronically book loans services, among others. Included in the collection are documents of Census data of Puerto Rico and the United States since 1996. In addition, the Library has specialized equipment for people with physical limitations such as Braille typewriter with printer for the benefit of this population.

ACADEMICS

Dr. Frank Jimmy Sierra Cortés, Dean of Academic Affairs

Campus Academic Affairs and university faculty are organized under the administration, coordination and supervision of the Dean of Academic Affairs. This office is responsible for planning, organizing, directing, coordinating and evaluating all academic services, including the requirements, procedures, services and reports of the Faculty. Dean is attached directly to the rectory office.

ADMINISTRATIVE AFFAIRS

Prof. Cándida González Cebollero, Associate Dean for Administrative Affairs

Mr. Felix Carmenatty López, Assistant Dean for Administrative Affairs

The Campus Administrative staff are organized under the administration, coordination and supervision of the Dean of Administrative Affairs and her assistant. This office is responsible for planning, organizing, directing, coordinating and evaluating all administrative services, including procedures and security services, purchasing, accounting, physical plant and maintenance. The Dean is linked directly to the rectory office.

STUDENT AFFAIRS

Prof. Alejandro Ruiz Caíno, Associate Dean of Student Affairs

Student Services Program is organized under the administration, coordination and supervision of the Dean of Student Affairs. This office is responsible for planning, organizing, directing, coordinating and evaluating all student services. Dean is associated directly to the Dean of Academic Affairs.

The Student Affairs Office is located on the second floor of the Main Building. Service is available Monday through Thursday from 8:00 am to 8:30 pm, and Friday from 8:00 am to 4:00 pm to serve the entire university community. This is their primary responsibility.

The Mayagüez Campus gives importance to the holistic development of the student. Emphasis is given to the development of the intellect through formal learning by instruction and study. It is also considered the fact that students must develop not only the intellectual aspect, but also the physical, spiritual, emotional and social skills in order to be a successful human being and a Christian professional that contribute positively to our society. Student Services Program also offers a variety of activities that promote the opportunity to develop student interest skills and promote their initiative and leadership.

The Dean of Student Affairs supports the right of students as members of the university to participated student organizations, academic, social, religious, sporting, cultural and recreational groups and activities, this without losing sight of the mission and vision of the institution. All student organization wishing to operate in the Campus must apply for official recognition in accordance with the required rules and regulations.

STUDENT LIFE, SERVICES AND ACTIVITIES

Student Services Program has an educational approach, since its goal is to contribute to the holistic formation of the student. Therefore, their role is educational and naturally the people who run the programs are educators. Programs respond to the mission and goals of the institution and contributes substantially and integrally in achieving them. Programs complement the learning process, providing the student experiences that ordinarily are not offered classrooms or laboratories.

CHAPLAINCY

Rev. Father. Luis Alberto Rodriguez

The Catholic University of PR, by its nature, promote spiritual development of its members by offering all those services that can help them strengthen their faith. We understand that Christianity does not consist of a series of acts, but evidence of the person of Christ who gives meaning to all human activities. Chaplain occupies a central place in university life.

In addition to the daily liturgical services, the chaplain provides spiritual guidance and, together with other priests of the university community, offer their pastoral services to foster growth in Christian values. The main objectives sought to be achieve through the Chaplaincy are:

1. Knowing the reasoned faith at university level and make judgments according to Christian morality.
2. Develop a strong relationship with God through the sacraments and personal and group prayer.
3. Provide testimony to others, of our Catholic faith through various apostolates.

GUIDANCE AND COUNSELING CENTER

Dra. Sandra Morales

Guidance Center, attached to the Dean of Student Affairs, is part of the services offered in the Campus to all students to supplement the formal academic instruction. Program Guidance and Counseling through its multiple resources helps students to adjust to university life. It also provides services to meet their needs and help develop their personal, vocational, occupational and academic potential.

The first year student received a counseling courses for two semesters (Guidance 003 and 004), in groups that meet for an hour weekly. Transfers students received counseling for one semester (Orientation 005), they should preferably take it upon arrival at the University. These orientation courses are graduation requirements.

Service in the personal area:

- Group and individual orientations according to needs of our students.
- Conferences and workshops on topics of personal improvement.
- Referrals to psychologists, social workers, chaplains, vocational rehabilitation, among others.
- Extracurricular activities planning to encourage development of leadership skills within Campus and community outreach activities.
- Advice to student organizations affiliated to the counseling center.

Service in the academic area:

Referrals to tutoring and academic counseling:

- Group guidance on: graduate studies, study and reading habits, effective time management techniques to answer oral examinations and preparation of reports, PUCPR academic programs, how to enroll through the Banner Program, among others.
- Follow-up interview students on academic achievement.
- Referrals to deans, directors and faculty.
- Monitoring and retention strategies for students who do not enroll in counseling courses that don't enroll during the period established by the institution.
- Orientation and distribution of applications for entrance exams to graduate studies such as EXADEP, LSAT, among others.

Service in the occupational area:

- Individual interviews for students have not decided their career
- Administration and interpretation of vocational interest tests.
- Individual and group guidance on issues related to job search.
- Guidance on existing employment opportunities according to the academic offerings of the campus.
- Planning and organizing job fairs and health fairs.

Other services:

- Participation in the registration process, attend to all students in general, but will give special attention to new students.
- Work in departmental and institutional committees.
- Services to special populations: international, athletes, students with limited skills, transferred and students on probation, among others.

PROGRAM FOR HUMAN DEVELOPMENT AND HEALTH PREVENTION

Program for Healthy Human Development and Prevention is coordinated through the Counseling Center, which works in the coordination of prevention activities, student organization, biennial reports and CORE questionnaires are administered.

All efforts to prevent the abuse of controlled substances, alcohol and violence and issues related to stress, conflict management, anxiety and depression are coordinated. Students are provided with educational materials, activities that promote healthy lifestyles, also every two years a CORE (alcohol, drugs, sexuality and campus security) questionnaire is administered to measures lifestyles. . It should be noted that institutional drug and alcohol policies are distributed to all new students during orientation.

DISABILITY SERVICES

Services are coordinated through the Office of the Dean of Student Affairs, it is the Dean who works each particular case, this in coordination with the Office of Institutional Services for disabilities. The Associate Dean of Student Affairs is responsible for providing students with disabilities all services that are available at the institution; once students apply for them.

The institution has established procedures that provide students with disabilities to guarantee reasonable accommodations to be treated and can receive under the ADA and other laws according to their condition.

To receive these services the student must apply in person at the Dean and complete the documentation required by law to receive the services.

Basic Health Services

The Campus has a health service program in order to help maintain the physical health of students and staff

Services are through two registered nurses, one at daytime and one at night. These nurses need to review and monitor the vaccination certificates of students under 21 years of age required by the Department of Health and are responsible for coordinating the necessary assistance in any health emergency that may occur in the university community. This office is responsible for carrying out the protocol for emergency assistance on site and coordination with the 911 if necessary.

SOCIAL AND CULTURAL ACTIVITIES

In the campus there is a variety religious, cultural, social, counseling, recreational, sports activities developed and coordinated by the Dean of Student Affairs.

Recognized student organizations also develop a series of activities, which we can identify as social activities as well as services to outreach the community.

SPORTS

Extracurricular activities and recreational sports are offered by the coordinator, which develops the intramural program, interuniversity and recreational activities. Here the student has the opportunity to participate in a variety of sports of their choice for their enjoyment and recreation. Those who demonstrate superior skills sports, both males and females have the opportunity to participate in the Inter-University Program.

ACADEMIC ACTIVITIES AND EDUCATIONAL ACTIVITIES BY CONTACT HOURS

Academic activities with external and university community that may require certification offered by contact hours, such as workshops, seminars, short courses, conferences, camps, "boot camps" or children's activities are coordinated by the Continuing Education Institute of PUCPR.

ACADEMIC OFFERINGS APPROVED BY THE GENERAL EDUCATION DEPARTMENT

Academic offerings Short Program Courses of Mayagüez are non-university programs that prepare students in a technical or vocational career.

The academic calendar is organized in terms of 15 weeks of classes and they can be offered in day, night, evening, or combined and "weekend college" modalities.

Study Programs

The Mayagüez Campus and San Germán extension include the following non-university academic programs:

- Assistant Medical Office Management - 38 credits - 1.155 hours
- Culinary Arts - 36 credits - 1.230 hours
- Sports Management - 36 credits - 1.200 hours
- Assistant Coroner Investigator- 36 credits - 1.080 hours

ACADEMIC INFORMATION

ADMISSION TO SHORT PROGRAMS

- In cases of technical programs possessing additional requirements, applicants must fully comply.
- Have approved the following minimum high school academic requirements

Minimum academic requirements:

**Three Years High School
(6-3-3 Plan)**

Subject	units
English 10-11-12	3
Spanish 10-11-12	3
Mathematics	2
Science	1
History	1

**Four-Year High School
(Plan 8-4)**

Subject	units
English 9-10-11-12	4
Spanish 9-10-11-12	4
Mathematics	3
Science	2
History	2

A student of the Institute of Short Career on any of its programs may apply for admission to a university program if they meet a minimum GPA of 2.00 (For interested in an education program is required a minimum GPA of 2.50 and completion of all requirements of the selected certificate). Application for admission must be submitted to the Admissions Office.

GENERAL PROCEDURE FOR ADMISSION

Complete and submit the application form by mail to Pontifical Catholic University of Puerto Rico, Mayagüez Campus, PO Box 1326, Mayagüez, PR 00681 or in person at the Admissions Office, 482 South Ramón Emeterio Betances Street Mayagüez, PR 00680. Request the high school transcript from which the student graduated and it should be sent directly to the Admissions Office, the copy of the transcript should indicate the approved courses and courses in progress. After graduation applicant must submit an official transcript and graduation certificate with the overall graduation rate. The deadlines for filing application for admission are as follows:

- a. For the first term starting in September - August 15
- b. For the second term starting in January - December 15
- c. For the third term begins in May - April 15

Each application is assessed individually, taking into account additional criteria such as good behavior, academic potential and others. All applicants will receive notification of the status of their application. To enroll must have completed all requirements. Documents received become the property of the institution and are not returned. The Pontifical Catholic University of Puerto Rico reserves the right to refuse admission.

ADMISSION TO TRANSFER STUDENTS

Any candidate for admission by transfer from another institution, the institution will validate up to 25% of its curriculum. The validated courses must have a grade of "C" or better and will not be taken into consideration for the overall average student.

ADMISSION OF TRANSFER STUDENTS

Admission requirements

Any student who has studied in another accredited institution and interested in transferring to the Institute Courses Short Program (ICC) must meet the following requirements:

1. Filing application for admission using the official form provided by the Office of Admissions.
2. Be interviewed and evaluated by the Director of the ICC.
3. Official transcript from the institution of origin.

READMISSION TO COLLEGE

Any student who has interrupted their studies for a term or more, and has not been suspended for disciplinary or academic reasons and interested in resuming their studies, must apply for an

interview with the Director of the ICC. Once interviewed and the Director recommends readmission, they must complete the readmission form in the Registrar's Office and pay the appropriate fee. The application will be evaluated to determine whether the applicant meets the requirements for readmission.

REGISTER OFFICE

FULL TIME STUDENTS

A full-time is anyone who enrolls in all courses for the term according to their academic program and has been enrolled in a course load of 12 credits or more. The Office of Institutional Registrar shall be the custodian of the official transcript.

GRADING INFORMATION

At the completion of each term, the student will receive a grade report containing the index of the term and the accumulated general index. The Registrar's Office will send each student a copy of the report. Any grade that the student presumes to be a mistake in the report should follow the procedure established for such cases. Student claim must not exceed fifteen (15) days after the start of following term. Any right to claim expires after this term.

The student is required to report to the Office of the Registrar any change of address. Short Career Institute will consider all information sent to the student's address as official it appears on his official record official.

CHANGE GRADE

The student has the right to appeal a grade that considers unfair or wrong. In these cases the student must start the process with the Director of the ICC, within no more than fifteen (15) calendar days after the start of classes in the next term. Any right to claim expires after this term. The Director will ask the faculty of the course to examine the case and present evidence of student grades. If after examining the evidence is determined that the student appeal is correct a grade change form should be completed and must be processed by the Registrar's Office. Once change processed the Registrar's Office a notification will be send to the student.

GRADING SYSTEM

Grades are assigned according to the following scale:

Grades	Percent Equivalent	Points of Honor
A	100-90	4.00
B +	89-85	3.50
B	84-80	3.00
C +	79-75	2.50
C	74-70	2.00
C-	69-65	1.50
D	64-60	1.00
F	59-0	0.00

Other notations used in the evaluation system include:

PS	Approved successfully
P.S.	Approved with Deficiencies
NP	Not approved
W	VOLUNTARY WITHDRAWAL
W-1	Military Service
W-2	Sick leave
W-3	Administrative Withdrawal
W-5	Death
WU	Absences
I	Incomplete

EVALUATIONS

In all courses, except practical courses, internships and seminars, a minimum of three evaluations is required.

FINAL EXAMS

The program of final exams is published by the ICC with three weeks in advance. If a student is absent from the final examination for justified reasons, and carries no less than "C -" average, student receives an incomplete "I" that must be removed within the period required by the institution.

ATTENDANCE

School attendance is essential and compulsory for the academic process. The student must meet attendance requirements and / or contact hours as stipulated by the syllabus. Students will be

dropped administratively at the end of the first two weeks of school in the academic term, if they has never attended a course. The professor after receiving class lists will submit concerned student names to the Registrar's Office.

ACADEMIC STANDARDS PROGRESS

Satisfactory Academic Progress standards

The performance of each student is evaluated aligned with the following criteria. To have satisfactory academic progress, is required:

1. Passing of the 70% attempted courses by term.
2. Student has reached the academic level index points required for total accumulated credits completed.
3. Complete the certificate program within a maximum time period of two (2) years.
4. The financial assistance are limited to 150% of the time required to complete the program.

A. Qualitative elements: minimum index points required by accumulated completed credits.

Accumulated Credits Completed	Minimum Average
2-12	1.50
13-24	1.70
25-39	2.00

When a student does not reach the required grade point average the student will enter a probationary period consisting of an additional term with the right to participate in financial aid available for studies, if they qualify.

If the student does not reach the required average at the end of this probationary period it will be suspended for deficiency (low academic) academic progress. However, students who understand that their case should be re-evaluated and showing interest in continuing in the institution will be interviewed by the Director of the ICC and then by the Appeals Committee. This Committee shall be appointed by the Associate Dean of Student Affairs or Rector.

If suspended, the student may apply for readmission to the institution after the academic term ends. Readmission is conditional upon the availability program courses.

The student will be readmitted under the conditions existing at the time when was suspended as well as the cumulative grade point average and approved courses.

- A. **Quantitative elements:** the maximum time that a student will have to complete the certificate program will be two (2) years. The financial aid is limited to 150% of the time required to complete the program.

Students must pass at least 70% of the credits attempted for periods of studies (term).

In the computation of attempted credits are included the following categories:

1. Attempted credits
2. Approved credits
3. Credits completed

Attempted Credit: The total course enrollment entered in the student's record and those where the student gets any of the grades of A, B +, B, C +, C, C-, D, F, P, NP, PS, PD, W and I. Also is included transferred credits from other institutions, which are credited without grade. Does not include, however withdrawal courses before or during the repayment period, and that are not listed in the record.

Approved credits: credits in which the student received grades of A, B +, C +, C, C-, D, P, PS, and PD, even if the grade is not accepted to meet program requirements. The courses with I are considered not approved.

Credits completed: number of credits which the student earns grades of A, B +, B, C +, C, C, D, F, P, NP, PS and PD. Grades earned at other institutions are not included in determining index, although the courses could be taken into account for the degree completion. In repeated courses highest grade is taken into consideration obtained.

It is considered to have Satisfactory Academic Progress the student who meets the minimum academic retention rate and conditions that are applicable to the program in which it is registered.

C. Academic Index

Minimum average index specific to certificate courses. Courses in concentration of each certificate must be approved with a minimum grade of C-. In the case of core courses they must be approved with a minimum grade of D.

For graduation purposes please refer to the part of graduation requirements established later in this catalog.

D. Minimum Probation Status Index

- 1.49-1.01
- 1.00-0.00 - Low Academic

GUIDE TO SATISFACTORY ACADEMIC PROGRESS

Cumulative minimum index rate required for accumulated credits completed

Accumulated Credits Completed	Minimum Average
12	1.50
24	1.70
36	2.00

- Follow all other academic progress standards of the institution. The student's academic progress will be assessed by the Program Director and the Institutional Registrar Officer assigned to evaluate the program.
- The student who does not meet the minimum index score required in the first term will be placed on probation with monitoring by the ICC Director and Counselor. The student who does not meet the probation will be withdraw from the certificate program.
- The student is entitled to claim the withdrawal to the Director of the ICC and will be evaluated by the Academic Dean and in his absence by the Rector of the Campus.

GRADUATION REQUIREMENTS OF CERTIFICATES

Graduation requirements are the following:

- Approve the number of credits required to complete certificate program.
- Accumulate a minimum overall average of 2.00 on a scale of 4.00 points.
- Approve the concentration courses of technical program with a grade of "C -" or more or with a score of 65 or more.

- The graduation rate is obtained and the general point average shall be established according to the classification of average obtained by the student throughout his performance in the Certificate Program.

Average	Classification
4.00	Academic excellence
4.00 - 3.80	High honor
3.79 - 3.50	Honor

- Students with less than 2.00 GPA will not graduate from the Certificate Program. They must develop their academic plan with the director to repeat those courses that have not completed and fall under probationary status.

CREDIT TRANSCRIPTS AND CERTIFICATES

At the request of the student, official transcripts are issued. These are sent directly to the official, agency or institution indicated by the student. Unofficial copies are also issued, called "Student Copy." The cost of each credit transcript is three (\$3.00) dollars, cash and other methods of payment at the time of application. When the student obtains the degree, receives a free copy of the transcript of credits, free of cost. If the student is indebted to the institution, the student can't receive any official document or graduate until payment of debt.

Applications must be filed in writing at the Office of the Registrar. No transcripts shall be issued without the written consent of the student. It normally takes three to five days to process an application. When requests are made during increased service dates in the Registrar's Office, it may be possible that more time is required. The Registrar's Office also issues certifications indicating that the student has met the requirements for graduation and other certifications of study as requested by the student.

STUDENT RECORDS

The Pontifical Catholic University of Puerto Rico, in accordance with the federal Privacy Act Records Academic Student (Family Educational Rights and Privacy Act of 1974) has established the following institutional policy, "the Pontifical Catholic University of Puerto Rico keeps personal records of student on information whose privacy is recognized and protected. Student records are privately owned by the University. Academic records will not be accessible to any person except for the following..:

1. The immediate custodian of the record.
2. Administrative or teaching staff of the University that show "legitimate academic interest" can access records.
3. Persons referred to in Section 9.31 of the Federal Privacy Regulations Student Records, with the exception of what is stated below.
4. The students themselves in accordance with the rules transcribed in the "Manual of Standards and Procedures regarding Privacy Rights of Students Records".

The University will not give access to anyone regarding information that can't identify and violate privacy rights of student except for: any procedure that the student or someone representing the student engage against the University, whether litigation or administrative proceeding. "The University will provide on the other hand, information transcripts requested by an educational institution to show, by supporting documents, that the student applied for admission to study at the institution, even if not actually been admitted to the institution. The custodian shall send a copy of the information transferred to the student with the last address listed on the transcript. The custodian also inform students of their right to request amendments to the record transferred. "

"The student is not entitled to access data on financial or general statements under section 99.2 of the Federal Rules." "The Registrar of the University Administrative Officer will oversee the implementation of this policy in general." "Institutional rules on amendments to record, drawn up in accordance with the Regulation, not be used for the purpose of altering grades or academic assessments as they appear on the student's transcript. For this purpose the student must comply with the rules and processes established at the University. "

NOTIFICATION OF RIGHTS UNDER FERPA LAW FOR POST SECONDARY INSTITUTIONS

FERPA (Family Educational Rights and Privacy Act) gives students certain rights regarding their academic record. The student is entitled to:

1. Inspect and review their transcript within the limit of 45 days from the date on which the University receives a request for access. The student must submit a written request to inspect their file to the registrar, dean, head of department or other designated official. Request (s) must specify part (s) of the file the student want to view. The official designated by the University will make arrangements to meet the request and notify the student day and place appointed for an inspection of the file. If the requested file is not in the custody of the officer to whom the request is addressed, the officer will be responsible for notifying the student the name of the person or officer who must direct the request.
2. Require or amend a record that the student considers incorrect or inaccurate corrected. The student must apply in writing to the official custodian of the record and shall identify what they want to change and express the reasons why the information is incorrect or inaccurate. If the University decides not to amend the record at the request made by the student, the

University will notify the student of the decision and communicate their right to a hearing regarding their request. University students will provide additional information regarding their right to a hearing.

3. Give approval for personally identifiable information contained in the student's file, except for information that FERPA authorizes to offer without the consent or authorization of the student. One exception which permits information is provided without the student's consent is providing information to university officials who have a legitimate educational interest. It is defined as an official of the university to a person employed by the institution in a position of management, supervision, academic, research or other support position (including security or medical staff); a person or company hired by the University (auditor, attorney or collection agent); a member of the Board of Trustees or a student acting as a member of an official committee (eg. Complaints Committee and Discipline, or helping an officer of the University to fulfill its functions). An official has a legitimate educational interest if the student need to inspect a transcript to fulfill their professional responsibility. The University may provide student records information without consent, to another school in which a student is interested or intends to enroll.

NOTE: FERPA requires institutions to make reasonable efforts to notify the student of the request for information in their file unless the institution has published during the year provide information requested by other universities.

4. Submit a complaint to the United States Department of Education of America relating to alleged failures of the University to comply with the requirements of FERPA. Complaint should be directed to:

*Family Policy Compliance Office
US Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-4605*
